

See Important Disclosure

The information and opinions stated are as of the date shown on the front of this press release, and, unless otherwise indicated, do not represent a complete analysis of every material fact concerning any industry, security or investment. Statements of fact have been obtained from sources deemed reliable, but no representation is made as to their completeness or accuracy. The opinions expressed are not intended as individual investment advice or as a recommendation of any particular security, strategy or investment product.

Performance data quoted represents past performance. Past performance does not guarantee future results. Investment return and value of shares will fluctuate. Nothing presented herein is or is intended to constitute investment advice, and no investment decision should be made based on any information provided herein.

Quoted Impact Portfolios performance is actual performance and is quoted net of all trading and transaction costs as well as net of all portfolio operating expense ratios.

S&P 500 Index which measures the performance of 500 large companies having common stock listed on the NYSE or NASDAQ. Unless otherwise noted, index returns reflect the reinvestment of income dividends and capital gains, if any, but do not reflect fees, brokerage commissions or other expenses of investing. Investors may not make direct investments into any index.

All index investment return data is provided by [Portfolio123](#), which aggregates data from various index providers.

Information provided reflects the firm's views as of the date of this presentation. Such views are subject to change without notice. EQM has obtained the information provided herein from third party sources believed to be reliable but it is not guaranteed to be. We are not responsible for the consequences of any decisions or actions taken as a result of information provided in this presentation and do not warrant or guarantee the accuracy or completeness of the information provided. Investment return and value of shares will fluctuate. There is a risk of loss from an investment in securities, including the risk of loss of principal. Different types of investments involve varying degrees of risk, and there can be no assurance that any specific investment will be profitable or suitable for a particular client's financial situation or risk tolerance.

Investments in the "Investments4Impact" strategies will be offered by EQM for a fixed management fee. EQM will donate fifty percent (50%) of all management fees received from these investment portfolios to pre-selected charities in each impact area. Clients who invest in the Investments4Impact portfolios will not receive direct charitable giving

tax benefits, or be able to choose the charities receiving donations. EQM does not provide tax or legal advice.
